

## Company Profile

President and Chief Executive Officer Enyinna Anthony, PMP, CCM, of the Anthony Management Group LLC (AMG), brings 22 years of experience as a strategist, problem solver, and program manager to the building industry.

Mr. Anthony supports AMG's clientele by managing facility engineering and construction projects, conducting quality control and safety inspections, developing CPM schedules, cost estimates, contracts, and reports, conducting research, solving problems, and providing technical and logistical support.

Founded in 2008, Mr. Anthony's commitment to helping people and businesses solve problems inspired him to establish the Anthony Management Group LLC, a full-service management consulting company. AMG was conceived to bring exceptional technical and logistical expertise together with creative solutions to successfully execute complicated projects. AMG combines excellent customer service with innovation to ensure a high rate of client satisfaction.

For the past decade, AMG has provided stellar pre-construction CPM scheduling & estimating, construction management, program management, safety, quality control, inspections, administrative, CAD support, master planning and other management consulting services in support of General Services Administration (GSA) Public Building Service cost estimating services, Maryland Transportation Authority (MDTA) & Maryland State Highway (SHA) highway/bridge construction & maintenance projects, Maryland Stadium Authority (MSA) Baltimore City Public Schools educational institutions construction projects, Maryland Aviation Administration (MAA) facility and infrastructure construction projects, Department of Housing and Urban Development (HUD) 203K Renovation large urban residential renovation and new construction projects, Maryland Department of General Services (DGS) facility construction projects, the Department of Defense (DOD) Intelligence Community facility engineering and construction projects, and Architectural/Engineering firms.
